Theory examination

All theory tests must be conducted in a controlled environment and follow the procedures defined by VTCT Skills. The theory tests will be set and marked by VTCT Skills. The centre is responsible for ensuring the examination can operate seamlessly by organising the process as defined in the 'Instructions for Conducting Examinations' which can be found on the VTCT Skills website.

Practical examination

Once all aspects of the mandatory units have been completed, learners will be expected to complete an internal mock practical assessment. This will be undertaken by the internal assessor/lecturer using the internal assessment forms. These must be handed to the external examiner on the day of the final external practical examination.

All practical assessments must be conducted in a controlled environment defined by VTCT Skills. The practical examination will be conducted by an external examiner; however, the centre is responsible for ensuring the examination can operate seamlessly by organising the process as defined in the 'Instructions for Conducting Examinations' which can be found on the VTCT Skills website. The marking criteria and marking scheme can be found under the documents tab within the qualification.

Portfolio of evidence

Learners are required to provide assignments under the supervision of the lecturer who will monitor the quality of the assignments in order to ensure that they meet the criteria.

- The criteria are detailed on the assignment guidance forms and form part of the internal assessment for the qualification

Quality assurance

Delivery of the qualification

A scheme of work must be approved by VTCT Skills for all units prior to the commencement of the course.

Lecturers should aim to deliver the theory and practical of each unit simultaneously, i.e., both theory and practical of each unit should be taught together to ensure the underpinning knowledge is being delivered at the same time as the practical skills. This will help to ensure that learners understand the structures they are working on as a result of combining delivery with the practical application of treatments.

Centre resources

The organisation delivering the qualification must provide a suitable environment for teaching the VTCT Skills Level 3 Award in Intimate Waxing for Female Clients as well as all equipment both fixed and free standing to complete all aspects of the qualification. Learners need to be made aware of the amount of consumables/towels they will be required to provide.

Achievement record

All units will require an Achievement Record to be completed by the lecturer for each learner. This achievement record will need to be kept by the centre and may be sampled by the external examiner or external quality assurer on their visit.

An Achievement Record for each unit can be downloaded from the VTCT Skills website.
